Tell Us!

... What You Pay for College

Please help us gather information about how much you pay for college. This quick survey will help us:

- Learn what students actually pay to attend college,
- Assure financial aid budgets are realistic,
- Provide accurate information to current and prospective students.

Tell Us what your education expenses are. The process is easy and confidential. Students across the State of Washington in universities, colleges, technical colleges, and professional colleges are telling their financial aid administrators what it really costs to go to school. Your survey information along with thousands of other students will be used by the Washington Financial Aid Association (WFAA) to measure the actual expenses students have while attending college. So Tell Us! Take the survey at <http://bit.ly/1amxXny>

Thank you!

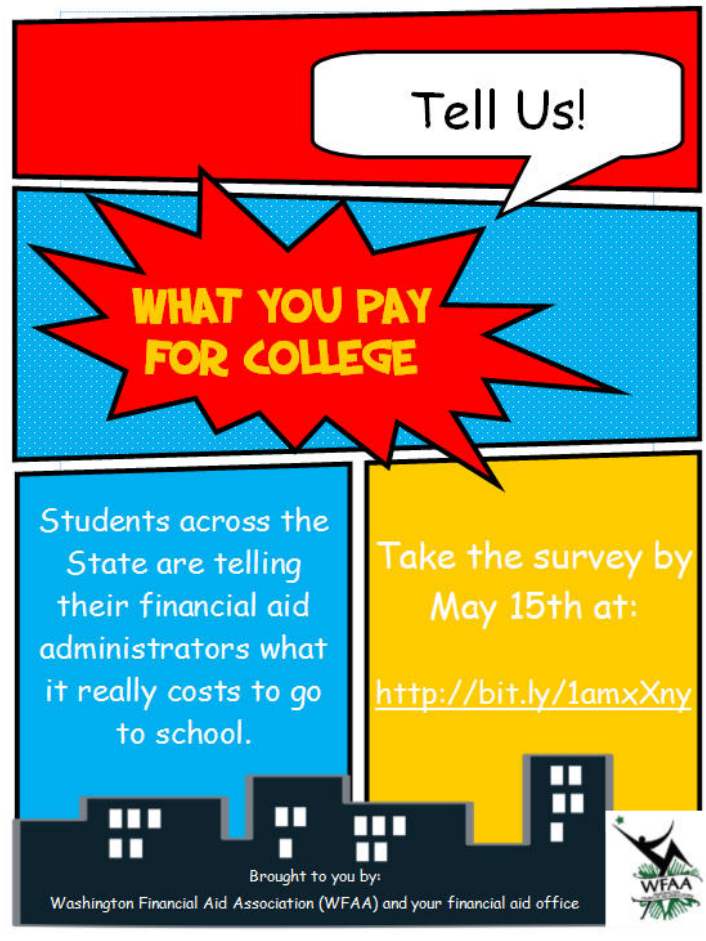

[NAME OF SCHOOL] Financial Aid Department

P.S. – you may have received a similar request from the Washington Student Achievement Council (WSAC). Please complete this survey only one time.
